Welcome to Pebbles! Our journey began in July 2020 when we opened our family-run restaurant just a stone's throw from Bexhill Beach. In July 2024, we expanded our passion for delicious food and great customer service to our Eastbourne branch. Pebbles was named by our daughter Katie, who was only six years old at the time. Katie also wrote the word "Pebbles" featured in our logo, adding a personal touch to our brand.

At Pebbles, our working ethos is that once you work with us, you become part of our family. We are dedicated to creating a welcoming atmosphere where our guests can enjoy fresh, delicious food and exceptional service, all while at home.
